WATER TANK WITH SHOWER YOLCO WTP30

Description of operation and basic function:
• The WTP30 is equipped with an integrated 12V pump that provides a constant water flow and comfortable shower use in all outdoor conditions.

• The 30-liter water tank allows convenient washing, showering, or cleaning of equipment without the need for frequent refilling.

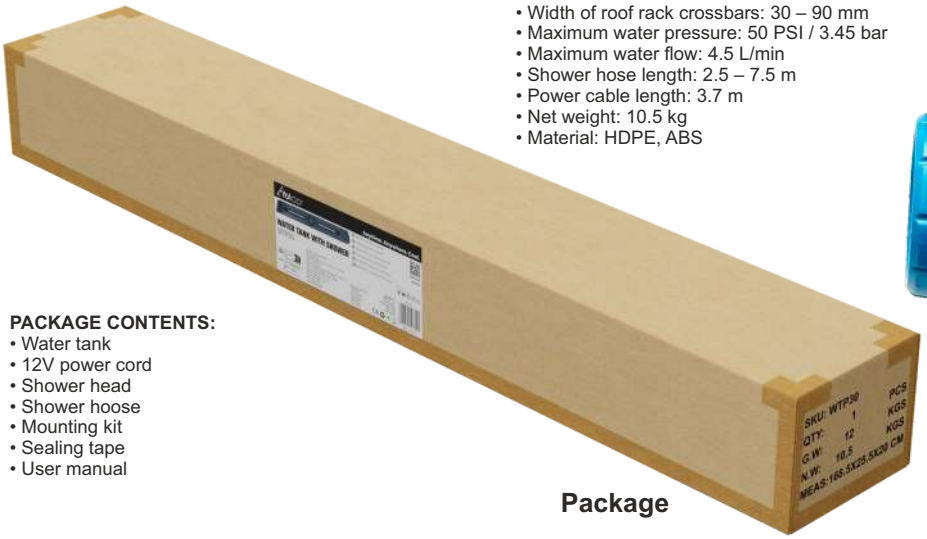

• The shower head features 10 different spray modes, allowing you to adjust the water flow to your needs – from a gentle mist to a powerful pressure jet.

• The black tank surface uses solar energy to naturally heat the water, providing a pleasantly warm shower without any additional power source.

• The durable UV-resistant HDPE construction and IPX4 water resistance make the system perfect for camping, off-road adventures, and travel in demanding environments.

Technical Specifications:
• Tank capacity: 30 L
• Tank dimensions (L × W × H): 1620 × 220 × 160 mm
• Rated voltage: DC 12 V
• Rated current: 2.5 A
• Distance between roof rack crossbars: 700 – 1000 mm
• Width of roof rack crossbars: 30 – 90 mm
• Maximum water pressure: 50 PSI / 3.45 bar
• Maximum water flow: 4.5 L/min
• Shower hose length: 2.5 – 7.5 m
• Power cable length: 3.7 m
• Net weight: 10.5 kg
• Material: HDPE, ABS

Package

PACKAGE CONTENTS:
• Water tank
• 12V power cord
• Shower head
• Shower hoose
• Mounting kit
• Sealing tape
• User manual
