FOLDABLE TRANSPORT TROLLEY

WTS150

USER MANUAL

Instrukcja obsługi dostępna również na:
User manual also available at:
Bedienungsanleitung erhältlich auch bei:

1.Explanation of symbols.

Before using the appliance, read the owner's manual first.

Important operation and maintenance information. Non-compliance may result in a threat to life, health or property damage.

Tips and supplementary information.

Before installation and use, read this manual carefully. Keep this manual for future reference. The manufacturer is not liable for any damage resulting from installation or use inconsistent with its contents.
The warnings and important safety information contained in this manual do not cover all possible conditions or situations that may arise. The user is responsible for handling the device with care and caution during maintenance and operation.

Please register warranty claims at pomoc@yolco.pl

When contacting an authorized service center, please have the following information ready: model information and serial number. This information can be found on the nameplate. Accessories, consumables, and original spare parts are available at: www.yolco.pl. We recommend using original spare parts.

The contents of this manual are subject to change without notice. The latest version is always available at: www.yolco.pl

2.Safety Information

• The trolley is intended for carrying loads. Do not exceed the maximum permitted load. Transporting people or animals is prohibited.

• The device should not be operated by children, persons with limited physical and mental abilities, or persons lacking the appropriate knowledge and experience. Children should not play with the device.

• Improper assembly or use contrary to the instructions may result in injury or property damage. Folding or unfolding the trolley requires caution. Protect your hands and fingers from being pinched by moving parts.

• Do not use the trolley if it shows signs of damage. If the device requires repair, contact the manufacturer, an authorized service center, or another qualified person.

• The load placed on the device should be properly secured to prevent shifting. Use tie-down straps if necessary.

• Exercise extreme caution when moving the trolley on sloped surfaces. Improper handling of the load can result in loss of control.

• The center of gravity of the load should be located in the center of the trolley. Improper load distribution may result in the trolley tipping over, property damage, and personal injury.

• Any modifications to the trolley by the user are prohibited. Changes to the design may damage the product or reduce its safety.

• The device should be stored in a manner that prevents mechanical damage.

• The device should be kept away from sources of ignition.

3. Preparing for Use

Caution! Folding or unfolding the trolley requires caution. Protect your hands and fingers from being pinched by moving parts.

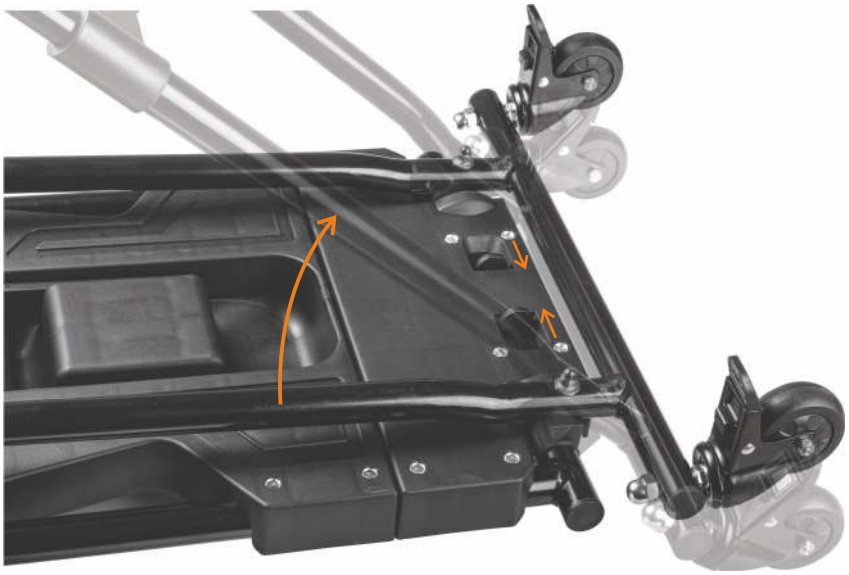

Caution! This trolley can be used in two- or four-wheel mode. Maximum load capacity:
- two-wheel mode – 75 kg
- four-wheel mode – 150 kg

1. Attach the rear wheels (E) to the axle using the nuts (F) and the included wrench (G).

2. Squeeze and hold the buttons (A) to release the telescopic handle. Adjust the telescopic handle to a 90° position (for four-wheel mode) or 180° position relative to the trolley base (for two-wheel mode).

3. Preparing for Use cont.

3. Position the base of the trolley perpendicular to the ground. Move the lever (B) located inside the trolley base to extend the front wheels.

4. Unfold the trolley platform (C).

5. Squeeze and hold the buttons (D) and extend the telescopic handle to adjust its length to your individual needs.

4. Package Contents

- Foldable transport trolley
- Mounting kit
- User manual

5. Technical Specifications
